

STARPROJECT 02
MISSIVE 05

Memory Wheels

Memory wheels are illustrative diagrams with movable, concentric circles. On each segment, an idea related to a larger concept would be written. As the wheel turns, different ideas combine to create a new contemplative perspective related to the larger concept.

Department of Memoryscapes

OBJECT #058:
Memory Pouch is a fashion, utility, and time artifact worn by
time-minding members when they go out into the world.

SOUNDSCAPE JOURNALING:

1. everyday you must record 30 seconds (on the stopwatch) of audio, of where you are.
2. at the end of each cycle, combine the audio recordings for a soundscape of your week/month/semester/year/decade

DEPARTMENT OF MULTISENSORY MEMENTOS

Summer 2023

Memory Bouquet

Department of Multisensory Mementos

¹Walk a familiar landscape. ²Look for small objects that catch your eye (flowers, twigs, leaves, grasses, feathers). ³Ask each object how it reminds you of a memory from this place. ⁴Paint each memory in your mind's eye while holding object. ⁵Bundle objects together into Memory Bouquet, share with friend or place shelf.
